

# MESH DRAFTING CHAIR

CODE: RES166-DRA

## SPECIFICATIONS

W600 D600 H880

W530 D510 H85 (seat)

## PRODUCT DESCRIPTION

A three-lever ergonomic drafting chair with a supportive medium mesh back for breathable, all-day comfort. Designed for elevated workstations, it features independent seat tilt, back tilt and height adjustment, plus an adjustable footing for added support at drafting height.

AFRDI approved to Level 6, this armless chair is built for durability in high-use commercial, education, laboratory and technical environments.

## OPTIONS

With or without arms

## COMPOSITION

- Sleek 5 star base on castors
- Mesh back to support better posture and keep back cool
