

STEEL STATIONARY CUPBOARDS

PRODUCT DESCRIPTION

The Steel Stationery Cupboard range offers durable, secure, and versatile storage solutions designed for offices, classrooms, and commercial spaces. Constructed from high-quality, fully welded steel, these cupboards are built to withstand daily use while maintaining a clean and professional look.

Available in two heights – 2000H and 1030H – both models feature internal shelving, allowing you to customise storage to suit your needs. The lockable double doors provide added security for files, stationery, and other essentials, while the powder-coated finish ensures long-lasting protection and a sleek appearance.

COMPOSITION

- Strong, fully welded steel construction
- Adjustable internal shelves for flexible storage
- Lockable double doors for security
- Durable powder-coated finish
